Objective

I am an aspiring Computer Science Engineer eager to apply my technical skills in a dynamic setting. With hands-on experience in full-stack web development through an internship, I've developed small-scale web applications using modern technologies. My goal is to contribute meaningfully to impactful projects while enhancing my industry knowledge, applying my academic learning, developing practical expertise, and growing into a valuable contributor to organizational success.

Education

Bachelor of Engineering in Computer Science and Engineering,

Shanmuganathan Engineering College

• CGPA: 7.80

• Academics: Studied OS, Cloud Computing, DBMS, Networks & Security, OOP

2022 – 2026

PUDUKKOTTAI

HSC (Higher Secondary Certificate), MAHARISHI VIDHYA MANDIR HR.SEC.SCHOOL

Percentage: 76.6%

2021 – 2022

KARAIKUDI

SSLC (Secondary School Leaving Certificate), MAHARISHI VIDHYA MANDIR HR.SEC.SCHOOL

Percentage: 88.4%

2019 – 2020

KARAIKUDI

Skills

Programming Languages

• PYTHON

Frontend Development

• HTML
• CSS
• JavaScript
• ReactJS

Backend Frameworks

• NODEJS
• DJANGO

Database

• SQL
• MONGODB

Tools

• GITHUB
• PYCHARM
• JUPYTER NOTEBOOK
• VISUAL STUDIOCODE

Internships

FULL STACK DEVELOPMENT

• Website development and design
• Developed and deployed 2 responsive websites, improving load speed by 30%.

06/2025 – 07/2025

TRICHY

Projects

Volunteer Assistance Management

• Developed a secure platform to connect volunteers with individuals in need and implemented a verification system.

Orphanage Management System

• Developed a system enabling efficient management of child records, donations, adoptions, and staff information.

LEADERSHIP

DATABASE SCHEMA DESIGNER

• Led backend module development for three team projects using Python + Django applications.

2024 – 2025

Experience

Python Fullstack Trainee, Greens Technologies

• Completed a four-month Python Full Stack Development course, gaining hands-on experience in frontend and backend technologies such as Python, Django, ReactJS, Node.js, SQL, and MongoDB. Strengthened skills in web application development, database design, and deployment workflows to deliver scalable solutions.

02/2026 – 05/2026
